

GLOBAL STUDY CONNECTIONS

FACULTY-LED STUDY PROGRAM ISP- TOUR A **CRIMINAL JUSTICE IN THE UNITED KINGDOM**

All programs are custom designed to your university’s specifications. This is a sample trip only. Global Study Connections Role is one of facilitator. The sponsoring faculty retains complete control of every aspect of the program through their Academic Leader, Escorting The Group.

ABOUT THE PROGRAM

Without a written constitution, the United Kingdom has a criminal justice system which is built upon tradition and convention established over centuries. With a predominantly unarmed police force, lawyers and judges who wear wigs, Britain presents a fascinating contrast to the CJ systems found in the USA and other countries of the world. Yet with two of the busiest border entry points in the world and an increasingly divergent population it is a system which formed the basis of many nation’s CJ systems and a police force which to this day garners the respect of the world. This is a sample only - all programs customized to the specifications of your faculty.

CRIMINAL JUSTICE IN THE UNITED KINGDOM | ITINERARY

DAY 1 – DEPART AUSTRALIA

Overnight flight from AUSTRALIA TO LONDON

DAY 2 – ARRIVAL LONDON

Morning arrival at Heathrow. Meet your Global Study Connections (GSC) study tour manager. Departing for central London. En route to the hotel we embark upon a panoramic tour of the both the City and West End. Tour highlights including Big Ben, Houses of Parliament, Westminster Abbey, Trafalgar Square and Regents Street. Plenty of photo stops are planned along the way. Early afternoon check-in at your London hotel. Tour manager will ensure students are settled into their rooms and are comfortable with their surroundings. In the evening following a group welcome dinner, a review of the week ahead before retiring for the night.

DAY 3 – LEGAL LONDON WALK

Our walking tour begins outside the Central Criminal Court, known as the Old Bailey, and an historic court which deals with the major criminal cases in Greater London and some exceptionally high profile cases from other parts of England and Wales. Due to time consuming security procedures we do not recommend a visit inside the court, although students are welcome to revisit on their own at a later time. Then continue to Royal Courts of Justice, more commonly known as the Law Courts and houses the High Court and Court of Appeal. Our final visit is to the Inns of Court which are the professional association of barristers in England and Wales, and all must belong to one of its associations. They provide libraries, dining facilities and accommodation. They also hold supervisory and disciplinary power over their members.

DAY 4 – NEW SCOTLAND YARD

This morning visit the home of the Metropolitan Police at New Scotland Yard which derives its name from the street name of the original building which now actually houses the police stables. From Robert Peel's first force established in 1829, the modern day Met has evolved into a force of over 32,000 policing a population of over 7 million over 620 square miles. Our hosts will deliver a series of presentations which can be tailored to suit your own curriculum. Typically it covers an introduction to the Met, counter terrorism, event security and Royal and dignitary security and lasts 2-3 hours. conclude at around midafternoon. Balance of the day for independent activities.

DAY 5—THE COURTS

Today we spend with an expert guide to examine the court system and we select the courts for their relative ease of access in order to maximize student's time in the court rooms. We begin at Westminster Magistrates Court. The guide will explain the history and role the Magistrates Courts play in the British criminal justice system before students enter the court rooms. We then move across London to the other side of the River Thames to Southwark Crown Court, a significant criminal court. Here students will be able to move between court rooms to hear a variety of cases. The day concludes late afternoon.

DAY 6— OPTIONAL ACTIVITIES

Working with our planning team, faculty can select from a wide variety of activities to best suit their student's level of study and careers. These are some of the possibilities:

Visit a Volunteer Police Cadet Centre: Part of the Metropolitan Police youth outreach program, the VPC has a unit in every London borough. It is a fully uniformed volunteer force welcoming youth aged 13-18 years of all ethnic and financial circumstances. Visit a Police Incident Room: British police use Incident Rooms as operational hubs to handle a wide variety of major crimes, natural disasters, terrorist incidents, wide scale accidents and other major events. In a city of 7 million people the Metropolitan Police facilities are some of the finest in the world. Students will be able to visit one such facility. **Police Civil Disturbance Training Centre:** Also available on a limited basis, students are able to visit a police training centre where they will have hands on demonstrations and activities in basic police tactics in dealing with acts of civil disorder.

DAY 7—TOWER OF LONDON

Both a palace and a prison, this morning we visit the Tower of London and witness over 1000 years of history. The White Tower is the iconic symbol of the site but highlights for most students include the visit to the Crown Jewels, the Tower torture room and Tower Green and scaffold, site to many executions including 3 Queens, the youngest of whom was just 16. The afternoon is at leisure for souvenir shopping and some independent sightseeing. Tonight we gather for a traditional pub dinner and opportunity to discuss and debate impressions on what we have seen this week.

DAY 8— RETURN HOME

Regrettably this morning we bid farewell to England and journey to Heathrow for our return flight home or continue with ISP TOUR B and take a short flight to Amsterdam, Netherlands.
