

Your strategic Special Groups partner – the Group Travel division of Holidays on Location

GROUP TRAVEL SYNERGY

The Affinity and Special Groups division of Holidays on Location

Our specialised travel division “Group Travel Synergy”, delivers a comprehensive suite of services to the Education, Special interest and Incentive Travel sectors, with programs customised to the individual requirements of our clients. We understand what makes a successful tour program and work hard to deliver the required outcomes.

Over our years of operations we have established strategic partnerships with teams of thoroughly professional service providers around the globe. This close collaboration has resulted in the implementation of well-defined procedures, attention to detail and an uncompromising dedication ensuring that all elements of the program are delivered as promised.

Our experienced team will first consult with you to establish the deliverables for every aspect of the program including the development of a client profile. During this process, a brief is prepared with due consideration to our needs and expectations, and importantly, your budget. The planning process considers logistics, traveller health and safety, and selection of available transport options including air travel, rail, coach and shipping. Checks and balances form part of our risk mitigation strategies and include quality control standards.

When planning tour programs for educational and business travel it is vital that a balanced approach between work and rest is adopted – a concept we thoroughly endorse.

WITH GROUP TRAVEL SYNERGY YOU CAN BE ASSURED OF THE FOLLOWING:

1. Assignment of an experienced group travel consultant to assist with group concept development.
2. Detailed pricing and strategies to fix the group price up to 12 months ahead of time.
3. One-on-one consulting services with professional advice, throughout the operational stages of the program from date of signing the contract to date of delivery of all service documentation and technical itinerary.

SWITZERLAND IS A DESTINATION CONSIDERED TO BE EUROPE IN MINIATURE.

Only 220 km from north to south and 348km east to west, it has 208 mountains above 3000 m with 24 mountains over 4000m. It features many huge glaciers, lakes and rivers, rolling meadows, forests, beautiful fertile valleys, ancient cities, towns and villages all lovingly preserved, possibly the best integrated transport system in the world, and a climate that ranges from alpine to sub-tropical.
