

JUNGFRAU TOP OF EUROPE

JUNGFRAUJOCH - TOP OF EUROPE

Rail Excursion to the Top of Europe - Jungfraujoch

Valid from 1 April 2017 - 23 October 2017

A JUNGFRAUJOCH - TOP OF EUROPE
 This round-trip by modern cogwheel railway takes you first to Kleine Scheidegg, altitude 2,061 metres, at the foot of the notorious Eiger North Wall. From here the Jungfrau Railway climbs to the station at Eigergletscher, well-known for its mountain restaurant. The trip continues through the Eiger tunnel to the stations at Eigwand and Eismeer, with a five-minute stop at each. Arrive on the Jungfraujoch, in the heart of a glacier-world on the very roof top of Europe! The Great Aletsch Glacier, at 22 km, the longest ice-stream in the Alps, begins on the Jungfraujoch.

INDEPENDENT RAIL PACKAGES

The Swiss railway system includes some of the most-impressive engineering in the world, travelling through valleys and mountain-passes and past beautiful lakes and villages.

These packages consist of 1-3 overnight nights in each location and usually include the most important touring features – ideal for independent travellers looking to set their own pace. Within Switzerland only certain trains can be prebooked. Most regular services operate at least on an hourly basis so travel at other than peak times is the best way of ensuring a seat.
